If Yes, please specify procedure(s)

(21)

Description of AE

(22)

Description of AE should contain the following:

* Report all symptoms

* Report all signs, including all physical signs

* Report all signs of laboratory and imaging tests

* Investigator and study of adverse events

* Investigator's evaluation of the event and response

* Treatment plan and all related interventions and/or studies

* Clinical course and outcome

* Any other relevant information to the event
